

Progress Report
Commission for Educational Process Quality Control
37.00.00 “Psychology Sciences”

Academic course working programs were monitored to establish the availability of testing and assessment materials (TAM) designed for the interim assessment (IA) of 2019-2020 academic year. The IA were designed for “Psychology” Bachelor Degree Program, “Conflict Resolution Studies” Bachelor Degree Program, “Clinical Psychology” and “Employment Activity Psychology” Specialist's Degree Programs, 7 Psychology Master Degree Programs: “Psychology of Personality”, “Developmental Psychology”, “Social and Political Psychology”, “Mental Health”, “Organizational Psychology and Management Psychology”, and 3 Conflict Resolution Studies Master Degree Programs: “Conflict Analysis and Management”, “Mediation”, “Political Conflict Resolution Studies”, 2 Psychology PhD Programs: “Psychology and “Clinical Psychology”. Total, 16 educational programs were examined.

Analytical conclusions:

- All course working programs clauses are completed;
- All course working programs were examined by experts;
- Annual actualization of course working programs was conducted;
- All course working programs are available on the site;
- Educational results correspond to competences that should be developed;
- Assessment Materials Fund for each academic course comply with the Regulations on Assessment Materials Funds for course working programs in St. Petersburg State University;
- Annual actualization of assessment materials bank was performed;
- The necessary competencies can be assessed by assessment materials provided in the course programs

Recommendations on elimination of problematic points and improvement of course working programs (modules), internships.

While conducting course working programs actualization, one should pay attention to item 3.4.1; it should contain no more than 5 resources which are available from M. Gorky Research Library, SPBU electronic resources <http://www.library.spbu.ru/> (URL should be included)
